Dear Twin Towers Residents:

The country is in the midst of an unprecedented situation in which the spread of an infectious virus is causing us to make huge adjustments to our lives and routines. We are all being asked to consider the health and welfare of not only ourselves and our families, but other people in our surroundings.

To ensure the safety of all residents, we ask that you take the following steps to reduce the number of persons on-site:

- Practice safe distance. The CDC recommends we refrain from close-contact with each other – keep a six feet distance between yourself and others. Consider another laundry if someone is utilizing your floor's equipment, take the stairs or another elevator, sit at least six feet away from other residents at the pool, etc.
- Please limit visitors to the property during this time. As we have a large percentage of citizens with “underlying health issues” on-site. For your protection and theirs, please do not have visitors to the property. Please try to limit persons coming on property to necessary vendors, caregivers, etc.
- **DO NOT GIVE YOUR PROPERTY KEYS TO OTHERS TO USE THE FACILITIES.** Please remember that only immediate family and overnight guests are allowed to use the pool as follows:
 2. Occupancy Rules: “The recreational facilities of Twin Towers are for the residents, their immediate families and overnight house guests. This is not a commercial facility and invitees **may not** use recreational facilities unless authorized by Board Members coordinated through the office.”
- Please SELF-QUARANTINE and advise the office if you have been diagnosed with the Covid-19 virus.

We appreciate each of you and wish only good health for the residents of our community. Please help us to limit the opportunity for spread of this deadly virus.

Sincerely,

Richard D. Murphy, LCAM
President
