**Subject:** CARPET PROPOSAL INSTALLATION FROM J&J CARPET - FINAL REVISION

Attached is the revised quote from J&J Carpet. They assumed we would be doing a couple floors at a time but we asked them to give us one total proposal for all twelve floors which would be done at the same time. Because of that change, they were able to secure better pricing on price per sq ft and were able to trim some labor/demo pricing. Their first proposal was \$93,200 down to \$78,980.

They recently completed flooring projects at Royal Towers ground floor, 2100 Building - 10 floors, (I've seen this one personally and they did an excellent job), and Saturn Condos - 3 floors and main lobby.

This proposal is very close to the one they presented in 2023 when they did the two first floors of the North and South buildings.

Please let me know if you have any questions.

Linda Iannucci - Co Chair  
Beautification Committee
